On-Site Engineer:  
Cameron Brown  
Trihydro  
(404) 408-3189  
cbrown@trihydro.com

## Memo from the Mayor and City Council

The West Downtown Reconstruction Project is now underway! Project construction will take place on W. Brundage, between N. Thurmond and N. Brooks streets. The aim of this project is to replace the deteriorated road surfacing, increase parking, and improve the current infrastructure. Your feedback and involvement during the design phase were instrumental in shaping the overall elements, concept and goals for this project.

Maintaining open lines of communication throughout construction is important to us, especially when it impacts businesses, homes, utilities, streets and sidewalks. If you would like to receive future updates via e-mail, please send an e-mail to that effect to [cbrown@trihydro.com](mailto:cbrown@trihydro.com). If at any point you have concerns you wish to express to myself or the City Council members listed at the left, please contact City Hall at 674-6483.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Miller".

Roger Miller

## W. Downtown Reconstruction Project

- The Project is underway and Brundage Street is closed between Thurmond and Brooks Streets.
- **ALL BUSINESSES ARE OPEN** and have pedestrian access at all times!!
- Customer parking is available in nearby lots in the alleys. Please look for the business signs to access the businesses.
- The contractor is installing sanitary sewer this week with water mains to be installed next week.
- **As a reminder**, Brundage Street will be open to traffic (26' wide) for Rodeo Week July 9<sup>th</sup> to July 15<sup>th</sup>. The contractor will have a gravel base placed for everyone to drive on.

Thank you for your understanding, cooperation  
and ongoing patience!
