

2022 Downtown Design Award

The Downtown Sheridan Association Design Committee introduced the Downtown Design Award in 2020. This award recognizes property owners, designers, architects, and contractors for preserving and enhancing the architectural, historical and cultural heritage of Sheridan.

2022 Downtown Design Award nominees will be highlighted throughout the month of May in honor of Historic Preservation Month. The Downtown Design Award winner will be selected by the DSA Design Committee and announced at the end of May 2022.

The Downtown Design Award is based on the following categories

1. **Adaptive Reuse:** a project that has creatively achieved the adaptive reuse of an existing structure originally used for another purpose. The project must have undertaken a substantial renovation.
2. **Appropriate New Construction:** A new building that through its design and use of building materials enhances the quality of the built environment. The project must have a positive impact on its immediate surrounds, including historic district
3. **Proper Rehabilitation/Restoration:** Showing sensitive and creative solutions incorporating issues of sustainability, adaptive reuse and integration of accessibility improvement.
4. **Sensitive Addition/Alteration:** A project that successfully integrated an addition/alteration within the architectural style of a building and complements the context and character of a historic district.
